REPORT SUBMITTED BY THE BOARD OF DIRECTORS OF LAR ESPAÑA REAL ESTATE SOCIMI, S.A. IN CONNECTION WITH THE PROPOSED AUTHORISED CAPITAL RESOLUTION SET OUT IN ITEM TWO ON THE AGENDA FOR THE GENERAL SHAREHOLDERS' MEETING CALLED TO BE HELD ON DECEMBER 17 AND 18, 2015, ON FIRST AND SECOND CALL, RESPECTIVELY

1. INTRODUCTION

This report has been prepared by the Board of Directors of Lar España Real Estate SOCIMI, S.A. (the "**Company**") pursuant to articles 286, 297.1.b) and 506 of the consolidated text of the Companies Law (*Ley de Sociedades de Capital*), approved by Royal Legislative Decree 1/2010 of 2 July (the "**Companies Law**"), to explain the proposal submitted for approval by the General Shareholders' Meeting of the Company called for December 17 and 18, 2015, on first and second call, respectively, under item two on the agenda, in connection with the authorisation to the Board of Directors of the Company to increase the share capital, within five years, by up to one-half of the share capital existing at the time of the authorisation, on one or more occasions and at the time and in the amount it deems appropriate, with the power to exclude pre-emptive rights as established in article 506 of the Companies Law.

2. GENERAL REASONS FOR THE PROPOSAL

According to article 297.1.b) of the Companies Law, the shareholders at the General Shareholders' Meeting may, by complying with the requirements established for the amendment of the By-Laws, delegate to the Board of Directors the power to resolve, on one or more occasions, to increase the share capital up to a given amount, at the time and in the amount the Board decides, without first consulting with the shareholders at the General Shareholders' Meeting. This provision establishes that the amount of such capital increases may under no circumstances exceed one-half of the share capital of the Company at the time of the authorisation and that they must be made by cash contributions within a maximum period of five years following the date on which the resolution is adopted at the General Shareholders' Meeting.

The Board of Directors understands that the proposed resolution submitted for approval by the shareholders at the General Shareholders' Meeting is justified by the advisability of making use of the mechanism contemplated by current corporate laws and regulations whereby one or more increases in share capital may be approved without calling or holding a new General Shareholders' Meeting, though subject to the limits, terms and conditions that it decides. Therefore, the aim is to give the Board of Directors the responsiveness required to operate in an environment in which the success of a strategic initiative often depends on the ability to undertake it rapidly, without sustaining the delays and costs associated with holding General Shareholders' Meetings.

In addition, article 506 of the Companies Law states that, in listed companies, when the shareholders at the General Shareholders' Meeting delegate the power to increase the share capital, the Board of Directors may also be given the power to exclude pre-emptive rights when the circumstances set out in this provision are present, provided that the par value of the shares to be issued plus the issue premium, if any, is equal to the fair value of the shares of the Company as set out in the report to be prepared, at the request of the Board of Directors, by an auditor other than the Company's auditor, appointed for this purpose by the Commercial Registry each time the Board exercises the power to exclude pre-emptive rights.

This possibility of excluding pre-emptive rights is also expressly provided for in article 13 of the Company's current By-Laws.

The Board of Directors understands that the power to exclude pre-emptive rights, as a supplement to the power to increase share capital, is justified for several reasons. First, the exclusion of pre-emptive rights often makes it possible to relatively reduce the costs associated with the transaction (including, in particular, the fees of the financial institutions participating in the issuance) as compared to an issuance made with pre-emptive rights. Second, the power to exclude pre-emptive rights enables the directors to significantly increase speed and responsiveness occasionally required in today's financial markets, such that the Company may take advantage of the moments when market conditions are more favourable. In addition, the exclusion of pre-emptive rights may allow the Company to optimize the financial conditions of the transaction and, in particular, the issue price of the new shares, as it may align it to the expectations of the qualified investors to whom such capital increases are customarily addressed, while reducing execution risks through a lower exposure of the transaction to changes in market conditions. Finally, the exclusion of pre-emptive rights mitigates the effect of distortion in the trading of the Company's shares during the issuance period, which is normally shorter than in the case of an issuance with pre-emptive rights.

In any event, the ability to exclude pre-emptive rights is a power that the shareholders acting at the General Shareholders' Meeting delegate to the Board of Directors, and it is within the purview of the Board to decide in each case, in view of the specific circumstances and in compliance with legal requirements, whether or not such rights should effectively be excluded. If the Board of Directors decides to make use of the power to exclude pre-emptive rights in connection with a specific capital increase that it may ultimately approve exercising the authorisation granted by the shareholders at the General Shareholders' Meeting, a directors' report and an auditor's report must be prepared pursuant to article 308 of the Companies Law. As provided for by article 506 of the Companies Law, both of these reports must be made available to the shareholders and disclosed at the first General Shareholders' Meeting held after the capital increase resolution is adopted.

Likewise, the proposal also contemplates applying, where appropriate, for the listing of the shares to be issued by the Company pursuant to delegation of powers on the Spanish or foreign, official or unofficial, organized or other secondary markets, authorising the Board of Directors to carry out all acts and formalities necessary with the appropriate authorities of the various Spanish or foreign securities markets for the shares to be admitted to listing.

Finally, it is proposed to expressly authorise the Board of Directors to delegate the powers contemplated in the proposed resolution to which this report refers.

The delegation of powers to which this report refers substitutes that granted by the Shareholders' Meeting on 28 April 2015, which, consequently, is deprived of effect.

In particular, the proposed resolution submitted for approval by the shareholders at the General Shareholders' Meeting reads as follows:

ITEM TWO ON THE AGENDA

***Delegation in the Board of Directors, with the express power of substitution, for a term of five years, the power to increase the share capital pursuant to the provisions of Article 297.1.b) of the Spanish Companies Act, by up to one-half of the share capital on the date of the delegation. Delegation of the power to exclude pre-emptive rights in connection with the capital increases that the Board may approve under this authorisation*, provided, however, that this power shall be limited to an aggregate maximum nominal amount equal to 20% of the share capital on the date of this authorisation.**

RESOLUTION

To authorise the Board of Directors, as broadly as may be required by Law, so that, as permitted by Article 297.1.b) of the Spanish Companies Act, it may increase the share capital on one or more occasions and at any time within a term of five years from the date of approval of this resolution, by up to one-half of the current share capital.

Said share capital increase or increases may be carried out with or without a premium, either by increasing the par value of the outstanding shares with the requirements set forth in the Law, or by issuing new ordinary or privileged shares (with or without voting rights), or redeemable shares, or any other type of shares valid under the applicable Laws, or different types of shares at one time, the consideration for which shall be cash contributions.

The Board of Directors shall decide, in connection with each increase, whether the new shares to be issued are common, preferred, redeemable, non-voting or any other kinds of shares among those permitted by Law. In addition, the Board of Directors may establish, as to all matters not otherwise contemplated, the terms and conditions of the share capital increase and the characteristics of the shares, and may also freely offer the new shares that are not subscribed for within the period or periods for the exercise of pre-emptive rights. The Board of Directors may also resolve that, in the event of incomplete subscription, the share capital shall be increased only by the amount of the subscriptions made and amend the article of the By-Laws relating to share capital and number of shares.

Furthermore, in connection with the share capital increases that may be carried out under this authorisation, the Board of Directors is authorised to totally or partially exclude pre-emptive rights as permitted by Article 506 of the Spanish Companies Act, provided, however, that such power shall be limited to share capital increases carried out pursuant to this authorisation up to a maximum amount equal, in the aggregate, to 20% of the current share capital of the Company.

In any event, if the Board of Directors elects to exclude pre-emptive rights in any or all the referred share capital increases, they will draft a detailed report explaining the purpose of such exclusion based on the Company's interest, along with the relevant Board's resolution and the corresponding from an account auditor other than the Company's auditor according to Article 506 of the Spanish Companies Act. Said reports will immediately be delivered in the Company's website and made available to all shareholders and communicated at the first General Shareholders Meeting after the issuance resolution.

By virtue of this authorisation, the Board of Directors is also empowered to make application for listing of the shares issued under this authorisation on Spanish or foreign, official or unofficial, organized or *other secondary markets, and to carry out all acts and formalities that may be required for admission to listing with the appropriate authorities of the securities markets.*

The Board of Directors is also authorised to delegate in favour of any director or directors it deems appropriate the powers delegated thereto under this resolution.

Likewise, the Board of Directors is authorised, as broadly as may be required by Law, with substitution powers in any of the Company's directors, such that any of them, may carry out such acts as may be necessary and execute such public or private documents or agreements as may be necessary or convenient for the full effectiveness of the above resolution in any aspect and, in particular, to elaborate on, clarify, make more specific, interpret, complete, and correct it; also, to correct the defects, errors or omissions which may be observed in the oral or written assessment of the Commercial Registrar, as broadly as possible.

The present delegation of powers to the Board of Directors replaces the one granted by the Shareholders' Meeting on 28 April 2015, which will therefore be rendered void.
