In any event, the following aspects should be reported:

The remuneration of the directors of LAR ESPAÑA SOCIMI, S.A. (hereinafter, "Lar España" or the "Company") is regulated in the Remuneration Policy of the Board of Directors currently in force (hereinafter, the "Remuneration Policy" or the "Policy"), which was approved by the General Shareholders' Meeting held on April 27, 2022, as a separate item on the agenda, with 95.43% of the votes in favor.

As a consequence of the publication of Law 5/2021, of April 12, amending the revised text of the Capital Companies Act, approved by Royal Legislative Decree 1/2010, of July 2, and other financial regulations, with respect to the promotion of long-term shareholder involvement in listed companies (hereinafter, the "Law 5/2021"); the Board of Directors of Lar España agreed, at its meeting held on March 22, 2022, to propose to the General Shareholders' Meeting, at the proposal of the Appointments, Remuneration and Sustainability Committee, the aforementioned Policy for its application in financial years 2022, 2023 and 2024, with the content established in the current Capital Companies Act.

Policy of Lar España has been configured on article 40 of the Company's Articles of Association and article 27 of the Board of Directors' Regulations of the Company, which regulate the remuneration of the directors of Lar España, and which differentiate, as the policy does, between executive and non-executive directors, as described below.

Principles and criteria guiding the Remuneration Policy

The Remuneration Policy for the Board of Directors of Lar España is based on the following principles:

- Independent judgment.
- Attraction and retention of the best professionals.
- Long-term sustainability.
- Transparency.
- Simplicity and individualization.
- Fairness and proportionality of compensation.
- Relationship of the Policy to the conditions of remuneration and employment of the Company's employees.

Criteria used to determine the Remuneration Policy

The guiding principles of the Remuneration Policy are approved and updated by the Appointments, Remuneration and Sustainability Committee and the Board of Directors, in order to keep the Policy in line with the evolution of the market and the best practices of competitors in remuneration matters.

Procedures and bodies involved in determining and approving the Remuneration Policy

Procedure contemplated in the Policy for applying temporary exceptions

The current Remuneration Policy at the date of preparation of this Report does not contemplate the possibility of applying temporary exceptions to the Policy.

A.1.2 Relative importance of variable remuneration items vis-à-vis fixed remuneration (remuneration mix) and the criteria and objectives taken into consideration in their determination and to guarantee a suitable balance between the fixed and variable components of the remuneration. In particular, state the actions adopted by the company in relation to the remuneration system to reduce exposure to excessive risks and adapt this to the long-term objectives, values and interests of the company, which will include, as the case may be, mention of any measures to guarantee that the long-term results of the company are taken into account in the remuneration policy, the measures adopted in relation to those categories of staff whose professional activities have a material impact on the risk profile of the company, and any measures to avoid conflicts of interest.

Furthermore, state whether the company has established any period for the accrual or vesting of certain variable remuneration items, in cash, shares or

other financial instruments, any deferral period in the payment of amounts or the handover of accrued and vested financial instruments, or if any clause has been approved reducing the deferred remuneration not yet consolidated or that obliges the director to return remuneration received, when such remuneration has been based on certain figures that have clearly been shown to be inaccurate.

Remuneration mix

Insofar as the Board of Directors of Lar España only has non-executive directors, the Remuneration Policy does not include variable remuneration elements, so that the remuneration of non-executive directors consists entirely of fixed components, in accordance with best practices in corporate governance of remuneration.

Tailored actions to reduce risks

Within the limits set forth in the Bylaws and in the Remuneration Policy, the Board of Directors of Lar España shall endeavor to ensure that remuneration is set taking into consideration the dedication, qualifications and responsibility required by the position, as well as the experience, functions and duties performed by each director. In this regard, remuneration shall maintain a balance between market competitiveness and internal equity.

In addition, the Policy aims to establish a compensation scheme appropriate to the dedication and responsibilities assumed by them, and is applied with the purpose of attracting, retaining, and motivating the members of Lar España's Board of Directors, all with the aim of having people with the right professional profiles to contribute the achievement of the Company's strategic objectives.

For its part, the aforementioned Policy does not contemplate any variable remuneration system, thus removing a large part of the risks derived from the remuneration system.

A.1.3 Amount and nature of fixed components that are due to be accrued during the year by directors in their status as such.

The current Remuneration Policy established the following:

- In relation to the remuneration of the members of the Board of Directors due to their status as such, the Policy intends to reward them in an adequate and sufficient manner for their dedication, qualifications, and responsibilities, without implying compromising their independence of criteria.
- Apart from proprietary directors, who are not compensated in any way, it is foreseen that each director of Lar España earn a fixed payment of 70,000 € per annum. The Chairman earns an additional 80,000€ per year of the remuneration paid to the remaining Board members (a total of 150,000 euros annually).
- Independent Board members serving on any of the Committees will be compensated with an additional 15,000 euros per year for participating in them. The President of the Audit and Control Committee will earn an additional 7,500 euros annually (a total of 22,500 euros annually) and the President of the Appointments, Remuneration and Sustainability Committee an additional 2,000 euros annually (a total of 17,000 euros annually).
- Lastly, the members of the Board who, at the appointment of Lar España, hold positions on the boards of company investees may receive additional fixed remuneration for attending those boards' meetings in an amount of 15,000 euros per year for each company.
- Likewise, Lar España will reimburse the directors for the travel expenses incurred in attending the meetings of the Board of Directors and the Committees of which the Company's directors are members.
- Lar España's Remuneration Policy stipulates a maximum annual amount payable to the Board of Directors for their status of 650,000 euros.

A.1.4 Amount and nature of fixed components that are due to be accrued during the year for the performance of senior management functions of executive directors.

As Lar España has no executive directors, no amounts have accrued in 2023 and will no accrue in 2024 for the performance of senior management functions by executive directors.

A.1.5 Amount and nature of any component of remuneration in kind that will accrue during the year, including, but not limited to, insurance premiums paid in favor of the director.

During the financial year 2024, the directors of Lar España do not plan to receive any remuneration in kind.

A.1.6 Amount and nature of variable components, differentiating between those established in the short and long term. Financial and nonfinancial, including social, environmental and climate change parameters selected to determine variable remuneration in the year in progress, explaining the extent to which these parameters are related to performance, both of the director and of the company, together with their risk profile, and the methodology, deadline necessary and techniques established to determine the effective degree of compliance with the parameters used in the design of the variable remuneration explaining the criteria and factors applicable in terms of the time required and methods for verifying that the performance or other conditions to which each component of variable remuneration was linked have been effectively met the performance or other conditions to which the accrual and vesting of each component of variable remuneration was linked have been effectively fulfilled.

State the range, in monetary terms, of the different variable components according to the degree of compliance with the objectives and parameters established, and whether any maximum monetary amounts exist in absolute terms.

The Remuneration Policy does not provide for variable remuneration for directors. However, article 27.5 of Lar España's Board Regulations provides that any variable remuneration tied to the Company and/or the director's performance, the award of shares, options, or any other right to acquire shares or to be remunerated on the basis of share price movements, and membership of long-term savings schemes such as pension plans be confined to executive directors.

In this regard, in the event that Lar España contemplates the appointment of executive directors, the aforementioned Policy must be adapted in such a way as to specify the amount of the fixed annual remuneration and its variation in the period to which the Policy refers; the different parameters for setting the variable components; and the main terms and conditions of their contracts, including, in particular, their duration, indemnities for early termination or termination of the contractual relationship and exclusivity covenants, post-contractual non-competition and permanence or loyalty.

It should be noted that Lar España does not plan to have executive directors at the date of publication of this Report.

A.1.7 Main characteristics of the long-term savings systems. Among other information, state the contingencies covered by the system, whether through defined contributions or benefits, the annual contribution that needs to be made to the defined contribution system, the benefits directors are entitled to in the event of defined benefit systems, the conditions under which economic rights are vested for directors and their compatibility with any other type of payment or severance pay as a result of the early termination or dismissal of the director, or deriving from the termination of the contractual relation, on the terms provided, between the Company and the director.

The Company has no pension, retirement or similar obligations or commitments to any director.

A.1.8 Any type of payment or severance pay for early termination or dismissal of the director, or deriving from the termination of the contractual relation, on the terms provided between the company and the director, whether voluntary resignation by the director or dismissal of the director by the company, as well as any type of agreement reached, such as exclusivity, post-contractual non-competition, continuance in office or loyalty, which entitle the director to any type of remuneration.

There are currently no agreed severance payments related to the termination of the relationship with Lar España as a director.

A.1.9 State the conditions that contracts should respect for those exercising senior management functions as executive directors. Among others, information should be provided on the duration, limits on amounts of severance pay, minimum contract term clauses, notice periods and payment in lieu of these notice periods, and any other clauses relating to hiring bonuses, compensation and golden parachute clauses for early termination of the contractual relationship between the company and the executive director. Include, among others, any clauses or agreements on non-competition, exclusivity, continuance in office and loyalty, and post-contractual non-competition, unless these have been explained in the previous section.

Lar España does not plan to hire any executive directors in financial year 2024.

A.1.10 The nature and estimated amount of any other supplementary remuneration accrued by directors in the year in progress in consideration for services rendered other than those inherent in the post.

At the date of approval of this Report, there are no other remuneration items other than those described in the previous sections.

A.2 Explain any significant change in the remuneration policy applicable in the current year resulting from:

- a) **A new policy or a modification of the policy already approved by the General Meeting.**
- b) **Significant changes in the specific determinations established by the board for the current year regarding the remuneration policy in force with respect to those applied in the previous year.**
- c) **Proposals that the board of directors has agreed to submit to the general shareholders' meeting to which this annual report will be submitted and**

which are proposed to be applicable to the current year.

The Company's current Remuneration Policy is effective for financial years 2022, 2023 and 2024, and therefore, at the date of preparation of this Report, a new directors' remuneration policy is expected to be approved, which, although it is still pending definition, is expected to be consistent with the current Policy, without relevant conceptual changes, including only the necessary adjustments to keep it updated in accordance with the current market and Company's circumstances.

A.4 Explain, taking into account the data provided in Section B.4, the outcome of voting, of a consultative nature, by shareholders at the General Shareholders' Meeting on the annual report on remuneration for the previous year.

The shareholders' vote was considered as ratification of the annual remuneration report of the previous year, as it obtained 99.37% of votes in favor.

B OVERALL SUMMARY OF HOW REMUNERATION POLICY HAS BEEN APPLIED DURING THE YEAR ENDED

B.1.1 Explain the process followed to apply the remuneration policy and determine the individual remuneration contained in Section C of this report. This information will include the role played by the remuneration committee, the decisions taken by the Board of Directors and, as the case may be, the identity and the role of the external advisors whose services have been used in the process to apply the remuneration policy in the year ended.

The process followed to apply the remuneration policy and determine individual remuneration has been carried out as indicated in section A.1 of this Report. The Appointments, Remuneration and Sustainability Committee plays a leading role in the application of Lar España's Remuneration Policy. The Committee met 8 times in financial year 2023. At the meetings, the preparatory reports of the proposals submitted for consideration by the Committee are presented and a copy is kept together with the minutes. The Appointments, Remuneration and Sustainability Committee in the 2023 financial year and with regard to remuneration has maintained a remuneration policy in line with those developed to date, in accordance with the criteria shown by the majority of the shareholders who have voted in favor of the Remuneration Policy proposed by the Board of Directors.

B.1.2 Explain any deviations from the procedure established for the application of the remuneration policy that have occurred during the year.

There have been no deviations during financial year 2023.

B.1.3 Indicate whether any temporary exceptions to the remuneration policy have been applied and, if so, explain the exceptional circumstances that have led to the application of these exceptions, the specific components of the remuneration policy affected and the reasons why the company considers that these exceptions have been necessary to serve the long-term interests and sustainability of the company as a whole or to ensure its viability. Also quantify the impact that the application of these exceptions has had on the remuneration of each director during the year.

No temporary exceptions have been applied to the remuneration policy in financial year 2023.

B.2 Explain the different actions taken by the company in relation to the remuneration system and how they have contributed to reducing exposure to excessive risks and adapting them to the long-term objectives, values and interests of the company, including a reference to the measures that have been adopted to guarantee that the long-term results of the company have been taken into consideration in the remuneration accrued and that a suitable balance has been attained between the fixed and variable components of the remuneration, the measures that have been adopted in relation to those categories of staff whose professional activities have a material repercussion on the company's risk profile and the measures that have been adopted to avoid conflicts of interest, if appropriate.

Lar España's Remuneration Policy is compatible with adequate and effective risk management.

The different actions taken by the Company in relation to the remuneration system to reduce exposure to excessive risks and adjust it to the Company's objectives, values and long-term interests have been indicated in section A.1 of this Report.

These actions are intended to control the Company's remuneration practices in order to align them with the business strategy, promoting the long-term profitability and sustainability of Lar España, and incorporating the necessary safeguards to avoid excessive risk-taking and the rewarding of unfavorable results.

B.3 Explain how the remuneration accrued and consolidated over the year meets

the provisions contained in the current remuneration policy and, in particular, how it contributes to the long-term and sustainable performance of company.

Furthermore, report on the relationship between the remuneration obtained by the directors and the results or other performance measures of the company in the short and long term, explaining, as the case may be, how the variations in the performance of the company have influenced changes in the remuneration of directors and how the latter contribute to the short- and long-term results of the company.

The total remuneration accrued during 2023 does not exceed the maximum amount established in the Remuneration Policy approved by the General Shareholders' Meeting on April 27, 2022.

For its part, to the extent that the Board of Directors of Lar España only has non-executive directors, the Remuneration Policy does not contemplate variable elements of remuneration, so that the remuneration of non-executive directors is composed entirely of fixed components, in accordance with best practices in corporate governance of remuneration.

B.4 Report on the result of the consultative vote at the General Shareholders Meeting on remuneration in the previous year, indicating the number of abstentions and negative, blank and affirmative votes cast that may have been cast:

The annual report on directors' remuneration for the financial year 2022 was submitted to the advisory vote of the General Meeting of Shareholders on March 31, 2023, as the tenth item on the Agenda, with the following result:

	Number	% of total
Votes cast	59,697,074	71.329

	Number	% of cast
Votes against	56,481	0.094
Votes in favour	59,393,504	99.365
Votos in blank	0	0
Abstentions	247,089	0.413

B.5 Explain how the fixed components accrued and consolidated during the year by the directors in their capacity as such have been determined and how they have changed, the relative proportion for each director and with respect to the previous year.

The fixed remuneration of the directors in their capacity as such in 2023 has been determined as indicated in section A.1. of this Report. As it is a fixed amount, no additional calculations have been required.

The amount paid to the directors for their membership of the Board and the Committees was 529,500 euros in 2023, lower than the maximum amount established in the current Remuneration Policy (650,000 euros).

B.6 Explain how the salaries accrued and consolidated by each one of the executive directors over the past financial year for the performance of management duties were determined, and how they have changed with respect to the

previous year.

As Lar España has non-executive directors, no amounts have been accrued for the performance of senior management duties by executive directors in 2023.

B.7 Explain the nature and the main characteristics of the variable components of the remuneration systems accrued and consolidated in the year ended.

In particular:

- a) Identify each one of the remuneration plans that have determined the different types of variable remuneration accrued by each of the directors in the year ended, including information on their scope, their date of approval, their date of incorporation, conditions in case of consolidation, the periods of accrual and validity, the criteria used to evaluate performance and how this has affected the establishment of the variable amount accrued, as well as the measurement criteria used and the period necessary to be in a position to suitably measure all the conditions and criteria stipulated explaining conditions and criteria stipulated, with detailed explanations of the criteria and factors you have applied in terms of the time required and methods to verify that the performance or other conditions attached to the accrual and vesting of each component of variable remuneration have been effectively met.**
- b) In the case of share options and other financial instruments, the general characteristics of each plan will include information on both the conditions to acquire unconditional ownership (vesting) and to exercise these options or financial instruments, including the price and term to exercise them.**
- c) Each one of the directors, together with their category (executive directors, proprietary external directors, independent external directors and other external directors), that are beneficiaries of remunerations systems or plans that include variable remuneration.**
- d) If applicable, information on the established accrual, vesting or deferral periods of consolidated amounts that have been applied and/or the periods of withholding/non-disposal of shares or other financial instruments, if any, shall be disclosed.**

The Policy applied during financial year 2023 do not provide for variable remuneration for directors. However, Lar España's Board Regulations in its article 27.5 provide that any variable remuneration tied to the company and/or the director's performance, the award of shares, options, or any other right to acquire shares or to be remunerated on the basis of share price movements, and membership of long-term savings schemes such as pension plans be confined to executive directors.

Likewise, non-executive directors may only participate in share-based remuneration schemes provided they retain such shares until the end of their mandate.

Notwithstanding the above, it should be noted that Lar España did not have any executive directors during the 2023 financial year.

B.8 Indicate whether certain variable components have been reduced or clawed back when, in the case of the former, payment has been vested and deferred or, in the case of the latter, vested and paid, on the basis of data that have subsequently proved to be inaccurate. Describe the amounts reduced or clawed back through the application of the reduction or clawback clauses, why they were implemented and the years to which they refer.

As described in the previous section, the Remuneration Policy applied in financial year 2023 do not contemplate variable remuneration for directors.

B.9 Explain the main characteristics of the long-term savings systems where the

amount or equivalent annual cost appears in the tables in Section C, including retirement and any other survivor benefit that are financed, totally or partially, by the company, whether through internal or external contributions, indicating the type of plan, whether it is a defined contribution or benefit, the contingencies covered, the conditions for vesting economic rights for directors and their compatibility with any type of severance pay for early termination or termination of the contractual relationship between the company and the director.

During the 2023 financial year, none of the directors of Lar España has been a beneficiary of long-term savings schemes, including retirement or any other survivor's benefits, financed in whole or in part by the Company.

B.10 Explain, where appropriate, the severance pay or any other type of payment deriving from early dismissal or early resignation, or from the termination of the contract upon the terms provided for therein, accrued and/or received by directors during the year ended.

In financial year 2023, no payments for early termination or termination of directors' contracts have been recognized.

B.11 Indicate whether there have been any significant changes in the contracts of persons exercising senior management functions, such as executive directors, and, where appropriate, explain such changes. In addition, explain the main conditions of the new contracts signed with executive directors during the year, unless these have already been explained in Section A.1.

Lar España did not have any executive directors in 2023.

B.12 Explain any supplementary remuneration accrued by directors as consideration for services rendered outside of their post.

In 2023, the Lar España board members did not provide any services not inherent to their positions.

B.13 Explain any remuneration deriving from advance payments, loans or guarantees granted, indicating the interest rate, their key characteristics and the amounts eventually returned, as well as the obligations taken on by way of guarantee or collateral.

In 2023, Lar España board members did not avail themselves of any advances, loans, or guarantees.

B.14 Itemize the remuneration in kind accrued by the directors over the year, briefly explaining the nature of the different salary components.

In 2023, Lar España board members did not avail themselves of any remuneration in kind.

B.15 Explain the remuneration accrued by directors by virtue of payments made by the listed company to a third company at which the director renders services when these payments seek to remunerate the director's services to the company.

In 2023, no Lar España directors earned compensation by virtue of payments made by the listed company to a third-party entity in which the board members provide services.

B.16 Explain and detail the amounts accrued in the year in relation to any other remuneration item other than the above, whatever its nature or the group entity that pays it, especially including all benefits in any form, such as when it is considered a related-party transaction or when its issue distorts, in particular, when it significantly affects the true and fair view of the total remuneration accrued by the director, explaining the amount granted or pending payment, the nature of the consideration received and the reasons why it would have been considered, as the case may be, that it does not constitute remuneration to the

director in his capacity as such or in consideration for the performance of his executive duties, and whether or not it has been considered appropriate to include it among the amounts accrued under the "other items" section of section C.

During 2023, no Lar España board members were remunerated through any other items apart from the abovementioned.

¹ As a consequence of the crisis caused by the Covid-19 pandemic, the remuneration of the members of the Board of Directors was reviewed and a temporary reduction of the remuneration of the directors of Lar España was agreed.

² In accordance with the provisions of Circular 3/2021, the profit before tax of the audited consolidated financial statements for each financial year is included.

³ Pursuant to the provisions of Circular 3/2021, it is established that the average employee remuneration shall be calculated as the quotient between the amount of remuneration earned by staff in each year, determined in accordance with the accounting regulations applicable in the preparation of the consolidated and audited annual accounts for each year (discounting, where applicable, the remuneration of directors) and the weighted average number (excluding directors) of employees calculated on a full-time equivalent basis. In this regard, the heading "Wages, salaries and similar items" of the annual accounts has been included excluding directors' remuneration. However, and notwithstanding the fact that the calculation in 2022 is made in accordance with the applicable regulations, it should be noted that the figure shown is distorted by the expiration of a 3-year long-term incentive plan, which has been fully paid to employees in 2022 and which significantly increases the figure for "Wages, salaries and similar items", without this figure corresponding to the reality of annual remuneration. In this regard, the average compensation of employees in 2022 (excluding the long-term incentive plan) is 175, with a % variation 2022/2021 of 8%.
